Land Trust receives \$20,000 grant

The Georgia Power Foundation Inc. has awarded the St. Simons Land Trust a grant of \$20,000 to support the holding costs for 20 acres adjacent to the Fort Frederica National Monument acquired by the Land Trust last summer. Once funding becomes available, the National Park Service intends to purchase the property as an addition to Fort Frederica.

Tony Sammons of Georgia Power looks over a map of the site with Land Trust President Russ Marane.

#

The St. Simons Land Trust's mission is to preserve the island's natural and scenic character and to enhance the quality of life of the island community for present and future generations. The Land Trust currently protects 144 acres of property on St. Simons Island.
